Sweden Charges Colonel as Spy

STOCKHOLM, June 25 (AP).—Sweden arrested a colonel in the Royal Swedish Air Force today and charged him with spying for Russia.

Foreign Minister Torsten Nilsson also demanded that Moscow call home Maj. Gen. Vitaly Nikolsky, Soviet military attache, and the first secretary, Georgy Barkovsky, in connection with the case.

The case, Sweden's biggest spy scandal, broke less than a week after the government had announced Soviet Premier Khrushchev would pay a state visit here next spring.
